

# Akhimien Ehidiamen

Akhimien Ehidiamen Samuel

## OBJECTIVE

I am Samuel, a skilled and detailed-oriented Frontend Developer with a frontend experience in designing, building and optimizing fintech, Medical, Finance, Business and Engineering website management platforms. Proficient in Html, CSS, Sass, JavaScript and React, with a proven track record of delivering secure, scalable and efficient solutions. This unique blend equips me to navigate the ever-shifting digital space consciously.

A collaborative team player with a strong focus on problem-solving, Passionate about learning and development with a desire to apply skills on a larger development team. Eager to tackle more complex problems and continue to find ways to maximize user efficiency.

## EXPERIENCE

### Frontend Developer |

Automation Solition, Nigeria-Frontend Engineer (Junior Level)-Remote,

JANUARY 2024-DECEMBER 2024

- Designed a responsive and well detailed frontend interface with unique animations with membership interface, and legal platform technology solutions.
- Developed a comprehensive user management frontend interface, including user registration forms for account creation.
- Assisted in building beautiful user interfaces for clients without compromising functionality for aesthetics.
- Participated in pair programmed with a backend engineer for the implementation of API for customer stats, transaction stats, transaction breakdown, transaction analysis, for the admin dashboard.

Technologies: Html, CSS, JavaScript, Node.js, Typescript
